Q No. 39

Local Self-Govt. (P.H.) Deptt.

Question No. 39

Mangalore Hospital

Draft Answer

(i) The Government are not in a position to state definitely when work on the new combined hospital at Mangalore is likely to be commenced. A comprehensive programme of new works required in the medical department has been prepared and the works have after careful consideration been arranged in the order of urgency under four different classes :-

(1) Very Emergent
(2) Emergent
(3) Ordinary
(4) Desirable but which can be delayed

The Mangalore Hospital is included in Class (3) Ordinary. In view of the present financial stringency, the Government are not in a position to provide money for any works included in classes (3) and (4).

(ii) On the recommendation of the Surgeon-General, the Government have decided that the new hospital to be constructed at Mangalore should be a

combined institution the female half of which will be separated from the male half by a wall and be in charge of a lady doctor. The Government do not consider it necessary to erect a separate hospital for women and children.

Construction of General Hospital at Mangalore.

44—

39. Q.—Rao Sahib U. Rama Rao: Will the hon. the Minister for Local Self-Government be pleased to state—

(i) when the construction of the new General Hospital in Mangalore is likely to commence; and

(ii) whether the Government will consider the advisability of erecting a separate hospital for women and children at Mangalore and providing the necessary funds therefor in the next Budget?

44 39—

A.—(i) The Government are not in a position to state definitely when work on the new combined hospital at Mangalore is likely to be commenced. A comprehensive programme of new works required in the medical department has been prepared and the works have, after careful consideration, been arranged in the order of urgency under four different classes :—

(1) Very emergent.
(2) Emergent.
(3) Ordinary.
(4) Desirable, but which can be delayed.

The Mangalore hospital is included in class (3) Ordinary. In view of the present financial stringency, the Government are not in a position to provide money for any works included in classes (3) and (4).

(ii) On the recommendation of the Surgeon-General, the Government have decided that the new hospital to be constructed at Mangalore should be a combined institution the female half of which will be separated from the male half by a wall and be in charge of a lady-doctor. The Government do not consider it necessary to erect a separate hospital for women and children.

L&R Dept

Question 39

Mangalore Hospital.

Draft answer.

(i) The Govt are not in a position to state definitely when work on the new combined hospital at Mangalore is likely to be commenced. A comprehensive programme of new works required Rs. No 215 PH 8.2.22. (E) in the Med! department has been prepared, and the works have lately been carefully considered & arranged in the order of urgency under 4 different classes:—

(1) Very urgent.
(2) Emergent
(3) Ordinary (N) pp 35-36 of Rs 612 Med 4.11.20.
(4) Desirable but which can be delayed.

~~In this~~ The Mangalore hospital is included in Class (3), Ordinary. In view of the present financial stringency, the Govt are not in a position to provide money for any ~~except~~ Very Emergent works included in Classes (3) & (4).

(i) The construction of a new combined hospital at Mangalore is one of the several schemes which have had to be deferred on account of the present financial stringency. The Govt are not now in a position to say when work (on the new hospital) is likely to commence.

(ii) On the recommendation of the S.G., the Govt have decided that the new hospital to be constructed at Mangalore should be a combined institution the female half of which will be separated from the male half ~~and decided off~~ by a wall & be in charge of a lady Doctor. The Govt do not consider it necessary to erect a separate hospital for women & children.
